Carranza Villa Fight Expected

Washington, Oct. 27.—On behalf of the citizens of Douglas, Arizona, Senator Ashurst today asked the state and war departments for proper protection of the city by American troops in the event of an engagement between Carranza and Villa forces. The fight which is expected to be a serious one is likely to take place at any time when Carranza troops, after being transported thru American territory have passed over the Mexican border.

Sensar Ashurst said he had had the promise of the war department to dispatch a sufficient number of troops to Douglas to protect the city from the fire of either Villa or Carranza forces. He informed officials that without protection it was feared there was even a possibility that the Villa troops might make an attempt at looting. Secretary Garrison stated that Puckett is making any disposition of his troops he found necessary to protect American interests along the border at that point.

Information in the possession of the department leads officials to believe that between 4000 and 5000 Carranza troops are to be transported through American territory and that Villa has with him approximately 2500 troops. Villa is reported as marching northward.

Villa supplies are said to be dwindling. One official of the state department said that he believed Villa
